Level :- Regional /State /National /International - Regional

Type of Activity :- (Competition/Conference/ Seminar/Webinar etc) – Awareness Workshop

Collaboration – Nature Club , Surat

Funding/ Expenditure 1500 Rs.

Resource Persons & their details – Mr. Jagdish Parmar & 4 Volunteers of Nature Club, Surat

Aim/purpose: - To bring awareness about Snakes

Details of the event/ activity: - Mr. Jagdish Parmar & his team explained theory about commonly seen Indian snakes, identification keys for venomous snakes. They demonstrated how to do first aid when snake bite occurs. The team came with 4 real snakes, red sand boa & green vine snakes which students were allowed to handle & touch. They also discussed myths prevailing about snakes & also showed charts of common Indian snakes with identification characteristics. The program was organized by Dr. Nehal Shah as a part of Animal science curriculum where students learn about different phylum of animal kingdom.

Outcome: - Students learnt how to identify poisonous & non-poisonous snakes, what kind of first aid is to be provided during snake bites, & also clarified their misconceptions about snakes.

Signature of event/ activity co-coordinator :- Dr. Nehal D Shah
