

Educational Visit | Learning Beyond the Classroom

Students of B.Sc. (Hons.) Biotechnology – Sem VII and M.Sc. Biotechnology – Sem I visited Surat Raktdan Kendra on 20th & 27th August 2026 for an insightful educational exposure to Blood Banking & Stem Cell Banking.

From understanding blood collection, testing, component separation and storage to exploring stem cell processing, cryopreservation and its applications, students got a valuable glimpse into the real-world applications of biotechnology in healthcare.

✦ Learning from the laboratory to the real world!
