Swachh Survekshan 2020 Citizen Feedback Awareness Programme

Swachh Survekshan 2020 is conducted by The Ministry of Housing and Urban Affairs (MoHUA), Government of India, covering all cities across India between January 4-31, 2020. One important component of Swachh Survekshan is getting citizen feedback on the progress made by their respective city in achieving objectives of Swachh Mission. Citizen feedback inputs will be a prime and integral part of Swachh Survekshan 2020.

Results of SS2020 League Rankings (Quarter 1) was announced by MoHUA and Surat is ranked on 3rd position amongst total 50 participating cities of India with population is greater than 10Lacs. To achieve more good ranking, Health Department of Surat Municipality Corporation (SMC) had initiated public awareness programme for citizen feedback.

Department of Environment Science had taken a step for awareness programme for feedback. Our two volunteers, Mr. Maulik Vaniya and Mr. Shubham Pathak, along with four service personnel from SMC, Mr. Chetan Mahajan, Mr. Mansukh Rana, Mr. Girish Patel and Mr. Yogendra Patel, has explained importance of citizen feedback in overall ranking. They also showed direction to download Swachh Survekshan 2020 mobile application and filling up feedback form. Further, also they said that, same app can be used to provide feedback from their relatives, parents and friends. They importantly request all students to provide as many feedbacks as they can.

Overall more than 1000 students and 30 staff members had given their inputs in feedback. We are thankful to SMC for providing human resource for this programme.
