

Department Name :- Biotechnology

Event/ activity Name :- Crafts- Art & Game activities with Primary School students

Date :- 23rd Feb 2018

No. of Days :- 01

Venue :- Kanad, Olpad - Surat

Level :- not applicable

Collaboration (if any) :- With SRKI - NSS unit

Aim/purpose: To orient students for social service & social activities

Details of the event/ activity: First Year & M.Sc. Biotechnology students along with Dr. Nehal Shah & Dr. Toral Desai visited Primary School of Kanad Village where they taught the primary school students how to make paper bags from waste newspaper. Also they played some lesson orientated games and quiz with these kids & had a good fun time. Biotech students also interacted with NSS students & learnt what kind of activities they were doing during their annual camp stay at this village. Everyone were gifted with fruits, cup cakes & lot of entertainment. Biotech students also gifted a green board to the primary school as a token of remembrance.

Participants: Primary School students & staff of Kanad Village

Outcome: - A very healthy positive interaction occurred between the primary school students, biotech students & NSS cadets. Apart from learning social interaction, the activities also boosted moral of everyone, brought lot of self satisfaction & joy to everyone present there. Many soft skills indirectly were strengthened in all participants.

Signature of event/ activity co-coordinator :- Dr. Nehal D. Shah

Green Writing Board Gifted to the School by Biotech Students
