### **Department of Environmental Science One Day Orientation Programme: "Cleaner Productions"**

Cleaner Production (CP) is a holistic, Proactive approach to End of Pipe (EOP) treatment that is applied which ensure a more efficient use of raw material, energy and Water which reduces environmental pollution at source.

To acquaint students of Department of Environmental Science, SRKI, Surat regarding cleaner production technologies and government initiatives, one day orientation program on "Cleaner Productions" was organized on September 27, 2019. Dr. Ratna Trivedi, Head gave an informative introduction regarding cleaner technologies and gave introduction of speaker.

The program was anchored by Dr. Lalita Choudhary

The talk was delivered by Mr. Punamchandra Rathod, Sr. Project Eng., GCPC-ENVIS, Govt. of Gujarat. In his talk, Mr. Rathod gave a day to day examples of misuse of plastics and raw materials. He emphasized that cleaner production technologies aims to reduce environmental pollution at starting point source. Such practices will also enhances increase and safeguard our natural energy resources.

In this orientation programme, orientation kit including informative booklet on cleaner production implementation – Case study was distributed to all participants by GCPC,

Gandhinagar. Mr. Rathod has assured all students to provide all possible help in their research and dissertation studies.

At the end, Dr. Ratna Trivedi thanked Mr. Rathod and his team at GCPC, Gandhinagar for enlightening students with cleaner production and government initiatives.
