

SRKI-YRC ACTIVITIES

2017-18

SEMINAR ON FIRST AID & DISASTER MANAGEMENT

2017-18

SEMINAR

INDIAN RED CROSS SOCIETY
SURAT DISTRICT

PROLITE

What to do in drowning

- Quickly remove any obstructions such as vomit from the casualty's mouth.
- Remove water from the stomach and lungs.
Lay the patient on his stomach. Keep the mouth in one side, and give pressure on the back so that the water in his stomach and in his chest can be removed.
- Provide warm clothing if required.
- Give artificial respiration if required.

SEMINAR

INDIAN RED CROSS SOCIETY
