

Department Name :- Biotechnology

Event/activity Name :- Visit to IVF center

Date :- 22/01/2020

No. of Days :- 01

Venue :- Blossom IVF center, Me & Mummy Hospital, Surat Level :-Post-graduate

Resource Persons (if any) :- Dr. Praful B. Doshi, senior consultant & Mr Vishal K. Shukla, chief embryologist, Blossom IVF center.

Aim/purpose: To make aware, provide scientific knowledge & teach basics of IVF.

Details of the event/ activity: Dr. Praful Doshi gave an introductory lecture on different aspects of IVF to the students. The paramedical staff of the hospital made the students aware about the total infrastructure of the hospital. There after students were taken to different lab visits like Andrology section, Embryology section, Counseling room etc in batches by Mr Shukla & his assistant staff. Mr. Shukla explained & showed different protocols of sperm washing, ICSI, cryopreservation of gametes etc.

Participants: - M.Sc. Biotech (sem - 10) (36 students)

Outcome: - Students got exposed to the complete process of IVF & also could see certain basic procedures undertaken during IVF. This visit made them more aware about the basic concepts regarding ART.

Signature of event/ activity co-coordinator :- Dr. Nehal D. Shah
